

attwireless overcharged me 81.73 dollars, which they acknowlged on 5-11-04. They took these monies from my account on 5-22-04. Why are they allowed to take my money in an instant and claim it takes two to four weeks to replace it? I feel this is outright theft! I don't have these funds available to increase my quality of life.
Yours Richard L. Davis
